

Features Of String Inverters

0	Features	String Inverter 1-5kW (Single Phase)	String Inverter 10-30kW (Three Phase)
1	Die-casting inverter case, with Anti UV, anti-corrosion and anti-rust process	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/> Aluminum inverter case, with anti-corrosion and anti-rust process
2	4 inch LCD Display Screen	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
3	Multi-function dry-relay, could be configured to show inverter operation status or fault alarm	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
4	WiFi+RS485 (Standard)	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/> WiFi RS485 Standard/WiFi (Optional)
5	DC Switch More Safety and Reliable	Optional	<input checked="" type="checkbox"/>
6	Integrated Combiner (Optional), with functions of DC&AC SPD, String monitoring, DC&AC Overvoltage protection and energy management	<input checked="" type="checkbox"/> 6 Protection of Operation. Protection of Over&Low Voltage, Over&Low Current, Over&Low Frequency, Over&Low Load, Anti-Islanding, Leakage Current	<input checked="" type="checkbox"/>
7	Solved technical difficulties of grid resonance and harmonic upon multiple units are connected to grid	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
8	25-year data storage capability	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
9	Support remote control and software upgrading	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
10	Real Time Precise Mppt Algorithm Max. efficiency >98.2%, MPPT efficiency >99.5%, with wide DC Input Voltage range	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
11	IP65 protection level (for indoor and outdoor use)	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
12	“Plug and Play” connector, easy for installation and maintenance	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
13	Natural cooling design, suitable for home use	<input checked="" type="checkbox"/>	Fan Cooling
14	Reactive Power Adjustable	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
15	With the capabilities of LVRT (Low Voltage Ride Through), power derating when overfrequency, active/reactive power limit control	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
16	Humanized and generous appearance design, conforming to modern aesthetic needs	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
17	Flexible and mature plant monitoring solutions	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
18	Just use the world famous brand for the key componets	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
19	All Products are insured by US CHUBB Insurance Coporation	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
19	Certificates	CE,IEC,CQC,VDE4105,VDE0126,AS4777,G83/G59,RD1664,Netherlands,France,Greece,Turkey,Denmark,etc
